SYMPOSIUM CUM WORKSHOP ON REARING OF SPIDERS

Spiders are air-breathing arthropods that have eight legs and chelicerae with fangs able to inject venom. They are the largest order of arachnids and rank seventh in total species diversity among all orders of organisms. Spiders are found worldwide on every continent except for Antarctica, and have become established in nearly every habitat with the exceptions of air and sea colonization.

Spiders are polyphagous and feed on a variety of available prey. They not only prey on adult insect pests but also feed on their eggs and larvae. They help in maintaining the ecosystem balance. Spiders are good friends of farmers as they control all types of pests on the crop. Some spiders make burrow in soil and thus help in water percolation.

Most of the spiders in nature feed on mosquitoes and protect us from Malaria and similar other mosquito borne diseases. The mud wasps, many pollinators, lizards and some birds feed their young ones with spiders as spiders are rich in simple proteins.

Spider silk is the best biomaterial which has several applications- The secretions of spiders are boon for human beings. For example silk. Spider silk has high tensile strength, four to five times more than that of iron. Hence, the recombinant silk produced on large scale is used to manufacture cloth from which bulletproof jackets are manufactured. If spider silk rods of 5mm diameter are used in building construction instead of iron rods, earthquake proof houses can be constructed as silk is elastic. This is the nature's gift which is of great use for the army of any country. Parachute ropes can also be manufactured from spider silk. German scientists have manufactured guitar strings from spider silk.

Surgical threads and bandages can be prepared from the spider silk. This silk is biocompatible with human beings. Most of the birds internally line their nests

Report of Inter-collegiate Seminar Competition for B.Sc.-II Students 2016

Intercollegiate Seminar Competition for B.Sc.-II (Semester-III) Students on the sub-topic from unit III and IV (Organic Chemistry) was jointly organized by **Shri Shivaji Arts, Commerce & Science College, Akot and Amravati University Chemistry Teachers' Association (AUCTA)** on 20th Sept. 2016.

Invitation letters were sent to the different department of chemistry all across the university. Two judges Dr. J. T. Makode, Department of chemistry, Shri Shivaji Arts, Commerce and Science College, Akola and Dr. P.P. Deohate, Head, Department of chemistry, R. L. T. College, Akola were appointed in consultation with Dr. Prashant Mandlik, Secretary, AUCTA.

The registration process began at 9.30 am. **Twenty nine** (29) participants from different colleges all across the university participated in the competition. After completing registration process and breakfast, the inaugural session started at 11.00 am in august presence of the following dignitaries.

Principal Dr. A. L. Kulat, Chairman, Dr. J. T. Makode, Inaugurator, Dr. P.P. Deohate, Chief Guest, Dr. S.P. Wagh, Head, Dept. of chemistry, Dr. R. M. Jumle and Dr. S.V.Kolhe, Convener

The floral welcome was followed by the introductory speech of Dr S. P. Wagh and valuable words of wisdom by the dignitaries. Principal Dr. A. L. Kulat welcomed the participants and judges to the campus. The inaugural function was conducted by Ms. Almas Khan and vote of thanks proposed by Dr. S. V. Kolhe. Immediately after the inaugural function, the technical session began. The participants were informed about the rule and regulations of the competition. The audience also participated actively in the discussion after each session. There was a lunch break from 1.30 to 2.30pm.

The prize distribution ceremony took place at the hand of Dr. A. L. Kulat, principal, Dr. J. T. Makode, Inaugurator, Dr. P. P. Deohate, Chief guest Dr. S. P. Wagh, Head, Department of chemistry, Dr. R. M. Jumle, Prof. A. R. Somwanshi and Prof. G. B. Andhale were present as the chief guest for the prize distribution ceremony. Dr. J. T. Makode and Dr. P. P. Deohate expressed their opinion as a judge on the event and

**International Conference on “RECENT TRENDS IN SCIENCE AND TECHNOLOGY,
SUSTAINABLE DEVELOPMENT THROUGH.....”**

Report

Venue- College campus
SSES Science College, Congress Nagar, Nagpur
Dates- 12, 13 & 14th of July 2017

International conference was organized in SSES Science College, Congress Nagar, Nagpur in collaboration with Birla Institute of Technology off shore campus Ras-Al-Khima, UAE, Regent International School Bangkok, Thailand, University of Peridenya, Colombo, Srilanka and Shri Shivaji College of Science, Akot and another reputed institutions. The Chairman of the organization committee was principal Dr. D.K. Burghate and Convener was Dr. A.D.Bobdey.

Conference programme is inaugurated by Dr. Vijayji Bhatkar, Great Computer Scientist of India and Dr. S. Swaminathan great agricultural scientist of India as a chief guest. The guests of honour were Dr. Janchai Yingprayoon, academic dean Suan Sunandha Rajabhat University, Thailand, Dr. Panmanas Sirisomboon, professor of Mahidol University, Prof Nimal Adhikaram, University of Peridenya, Colombo, Srilanka, All executive members of Shri Shivaji Education Society Amravati, Dr. R.B. Thakare ex. Advisor for agriculture United Nation Organization, all collaborators, and industrialists. The inaugural ceremony function was presided over by Adv. Adv. Arunkumar Shelke sir, President, Shri Shivaji Education Society, Amravati. On dated 12/07/2019 inaugural ceremony starts after breakfast at 9.00 am up to 11.00 am.

Inauguration of conference was followed by key-note address of Dr. Janchai Yingprayoon and topic of his address was ‘Sustainable development of society through science and technology and Co-Operative movements’ Dr. Janchai has delivered his precious speech with performing certain rare science experiments.

After lunch at 12.00 noon to 1.00 pm, technical sessions start. Three parallel oral paper presentation sessions and one poster presentation session were organized on first day of conference. In each technical sessions invited talks were organized. The invited speakers were Dr. Nimal Adhikaram, Dr. Panmanas Sirisomboon, Dr. Nimal Adhikaram. The oral paper presentation sessions were chaired by Dr. S.B. Zade, Dr. R.V. Tijare, Dr. Mrs. Shastri. Over all 102 research papers were presented by Indian and abroad participants. Dr. V.B. Bhagat, Dr. S.V. Kolhe, Dr. R.M. Jumle were look after the work of Juries for best paper presentations. In poster session 46 papers were presented by the participants at MBA hall.

During second day conference programme starts after break fast at 9.00 AM. Dr. Nimal Adhikaram and Dr. Panmanas has delivered their planary talks on environment and sustainable development, the planary talks lasts up to 11.00 am. Oral and poster paper presentations

(technical sessions) starts at 11.00 am in 3 parallel sessions. On second day of conference 48 oral and 81 poster papers presented by participants. Dr. I.A. Raja, Dr. Kishor Patil, Dr. S.B.Zade were presided over the oral and poster paper presentations. In oral paper presentation sessions the invited talk of Dr. Adhikarrao Jadhav, Dr. M. Nagaswarupa EWIT Bangalore and Dr. R.G. Patil of Shivaji University, Kolhapur was organized.

On third day the best paper competition was organized to felicitates the core researcher among the participants. Dr. R.M.Jumle, Dr. Panmanas, Dr. Ravindra Dhande were look after the work of juries. The oral presentation competition starts from 10.00 am up to 2.00 pm. The valedictory function starts on 4.00 pm on third day. The Chief guest of valedictory function was Dr. Bhamburkar Hon,ble secretary of Shri Shivaji Education Society, Amravati and guest of honour were the Dr. S.T.Deshmukh ex-vice chancellor SGBU Amravati, Dr. R.B.Thakare. Valedictory function was presided over by Principal Dr. D.K.Burghate. During the valedictory function the core researchers are felicitated with shal srifal awards and memento. Lastely Dr. A.D.Bobdey, convener ICRTS-2017 has delivered the vote and thanks.

Institutional level -One day workshop on
Experiment in Physics

Jointly organized by Department of Physics of Shri Shivaji Arts, commerce and Science College Akot
and Department of Physics of Smt. R. S. College, Anjangaon
Total 164 students were participated in workshop.

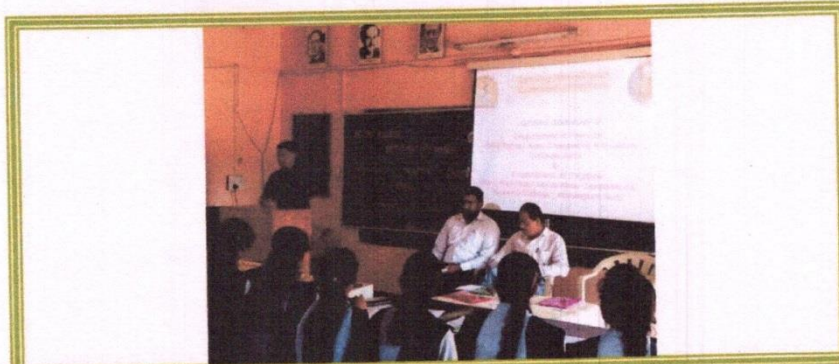

Department signed the moment of understanding with the department of Physics Smt. Radhabai Sarda Mahavidyalaya Anjangaon surji related to the teaching, learning and research. The department collaboratively arranged the one day institutional level workshop on the topic of experiment in Physics on dated 17 Feb 2018. The workshop was held at department of Physics, Shri Shivaji Arts Commerce and Science College Akot. The inauguration of the workshop was done by the Dr. Sanjay Wagh, head of the science faculty Shri Shivaji College Akot, in their inaugural speech he had appreciated department to arrange such type of a collaborative work in the department. Also he shared the history of the college to the participant in this workshop. In introductory speech of programme Mr. Umar Bhati, head of the department of Physics explained the need of workshop in our local region. The distance between the Anjangaon surji and the Akot was about approximately 32 km. It needs the colleges in nearby region worked for excellence in higher education through collaboration. The first step regarding to the collaboration we both were arranged the one day institutional level workshop in "experiment in Physics". In this workshop the group of the three student explaining the experiment prescribed by the Sant Gadge Baba Amravati University Amravati. The total 164 student were participated in this workshop. All students interact with the each other and explaining their practical's. About 32 experiments explaining in this workshop. The following students awarded with the certificate and prize. Every participant awarded with the certificate. In the valedictory function and the prize Distribution Ceremony Dr. V. B. Bhagat sir told the students participation in the workshop and the other competition was necessary to enhance our personality and knowledge. Today's students must become extroverted so that he/ she would explain their knowledge to the others and it was only being possible if you were participated.

Workshop had been successfully arranged by the Mr. Umar Bhati and Prof. Rajesh Mankar with the support of students of final year.

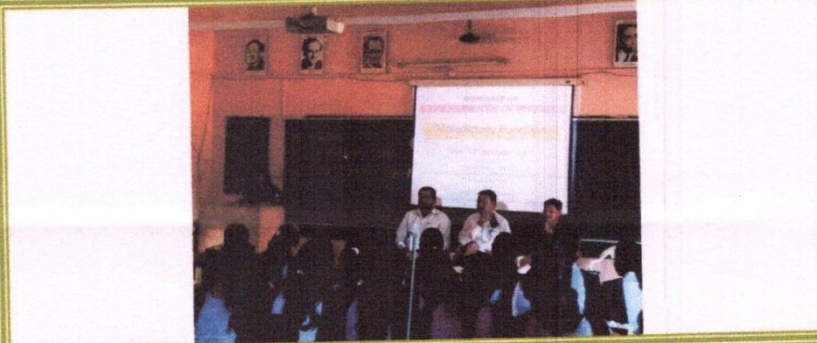

Both the coordinator were thankful to the principal of our colleges who gives this opportunity students in the workshop also we were very thankful to all the students participated in this workshop also thankful to the supporting staff, students who organized this event successfully.

Workshop on Recycle Paper Bag 2018-19

Report

2018-2019

Department of Chemistry Shri Shivaji Art's, Commerce and Science College, Akot organized one day workshop on "Recycle Paper Bags" on 2nd November 2018 at 10.00 am to 4.00 pm for college Students at the college auditorium,. Lamp lighting of Wokshop was done by all the respected dignitaries. The progrnamme was started with a welcome speech by Dr S.P.Wagh Head of science faculty. Guest were formally welcomed and introduced by H.O.D. The programme was inaugurated by the chief guest Mrs. Dr. S.N. Gupta Associate Professor, Brijlal Biyani Science College, Amravati and the workshop is chaired by Dr A.L.Kulat Principal of the college.

In inaugural speech she said Paper bags are gaining importance as these bags are 100% reusable, recyclable and biodegradable and at the same time environment friendly and pose less threat to wildlife. It requires less energy for paper bags to be recycled than plastic bags. The paper bags are generally box-shaped in design that allows them to stand upright and hold more goods.

In the recent past, Maharashtra state governments have banned the use of plastic. But this rule is of no use unless it is implemented by everyone, especially college students, who are the future. By incorporating the habit of using paper bags instead of plastic, will help students follow eco-friendly habits for life. To effectively implement this habit of using paper bags instead of plastic bags, among college students, so, college has organize a 'Paper bag making activity' .

Dr S N.Gupta and Miss Roshani Kale provided training to students on how to make paper bags. She gave information about the quantity of paper used and paper bag market demand and how it can be seen as a new business opportunity. The participants were delighted with this session as they were able to understand the importance of this campaign and also were able to look at a new business opportunity for themselves.

Around 171 Students were participated in workshop and eight faculty members learned how to make paper bags using news papers .With the help of newspapers and colored plain paper, she taught the students to make 3D paper bags. The bag was made out of the newspapers while the designs included beautiful flowers and whimsical butterflies made out of colored plain paper pasted on the bag using Camlin White Glue.

This activity was appreciated by the IQAC / teachers and even saw the teachers' active participation. Through this activity, we also highlighted that 'today's news paper is tomorrow's waste paper'.

For the success of workshop Dr S. V. Kolhe, Mr. A. R. Somvanshi, Mr. Ganesh Andhale, Ku. Shital Raibole, Ku. Trupti Chaure, Ku. Alka Puri and non-teaching staff members and students have taken ceaseless efforts.

Programme is concluded with vote of thanks by programme coordinator Dr.R.M.Jumle and said that the anti-plastic campaign will continue even on larger scale, so that maximum awareness is created among the public.

Shivaji Vidnyan Parishad 2018

An academic activity “6th Shivaji Vidnyan Parishad 2018” is successfully organized in the college:-

The science forum committee proposed and resolved in its meeting that the college should host the 6th Shivaji Vidnyan Parishad 2018 jointly organized by Shri Shivaji Education Society, Amravati and Homi Bhabha Centre for science Education, Mumbai on “**Innovative Activities and practices for science Teaching and Learning**” on dated 24th December 2018 to 26th December 2018.

Teaching science at school level has always been considered as the most difficult and challenging task for science teachers. Science teachers are widely loved and respected by students. Their teaching instills high degree of idealism, passion and verification of scientific things in the class room. Every teacher has a unique way of teaching. While introducing a science subjects in the classroom, teachers adopt different ways other than conventional chalk and board approach. It leaves an everlasting impression in the mind of their pupils. Such unconventional method of teaching should be explored and shared with all the teachers to make learning a fun-filled and exceptional experience.

We hosted the entire three days Shivaji Vidnyan Parishad in the college. In Shivaji Vidnyan Parishad 2018, sixty nine science teachers from different school actively participated in three days interaction with the unification of genuine brains from the field. Dr. N. D. Deshmukh, Scientific officer E, Homi Bhabha Center for Science Education, Tata Institute of Fundamental Research, Mumbai guided on the topic what can we learn from innovative practitioners to the participants. Mr. Ranjeet Desale focused on the topic ICT for innovative science teaching. Mr. Chaudheri, a scientist from NEERI, Nagpur covered a topic let us work together. Mr. Vinod Sonowane and Mr. Karun Hambir gave demonstration of science models. Science exhibition was arranged for three days. It helped to enrich science education system in the schools. All teaching and non-teaching staffs as well as science students were involved in making event a grand success.

Outcomes of the conference:-

- Subject experts delivered the fruitful lectures.
- Science teachers are motivated for teaching science in their school effectively.

- Science teachers got an opportunity to win the title of “Best Science Teacher”.
- Science teachers and students interacted with stalwarts in the field of education.
- The science students participated in Science Exhibitions and model.

To organize this event, college constituted organization committees

TENTATIVE CONFERENCE PROGRAMME

Day 1st Monday 24th, December 2018

Registration 9.30 to 10.30

Session I - 10.30 to 01.00 pm

Inauguration

Lunch 1.00 to 2.00 pm

Session II - 2.00 pm 3.30

Dr. Narendra D. Deshmukh

Scientific Officer-E

Homi Bhabha Centre for Science Education

T.I.F.R., Mumbai

Topic : What Can We Learn from Innovative Practitioners ?

Session III- 3.30 to 5.00 pm

Mr. Nimkarde

Raman Science Centre & Planetarium, Nagpur

Topic :

Day 2nd Tuesday 25th, December 2018

Session IV- 10.00 am to 11.30 am

Mr. Vinod C. Sonawane

Topic : Innovative activities for science Teaching

Session V- 11.30 am to 01.00

Dr. Santosh J. Uke

Topic : Interrelation of Practical & Theory in Science Teaching

Lunch : 1.00 pm to 02.00

Session VI- 02.00 pm to 03.30 pm

Mr. Ranjit Desale

Topic : ICT for innovative Science Teaching

Session VII - 3.30 pm to 5.00 pm

Mr. Choudhari

Topic : Let us work together - 1

Day 3rd Wednesday 26th, December 2018

Session VII - 10.00 am to 11.30am

Dr. Narendra D. Deshmukh

Topic : TSPCK for Innovative Science Teaching

Session I- 11.30 to 01.00 pm

Mr. Ranjit Desale

Topic : My ICT activities for innovative Science Teaching

Lunch Break - 1.00 pm to 02.00

Session X- 2.00 pm to 3.30 pm

Dr. Narendra D. Deshmukh,

Mr. Vinod C. Sonawane & Mr. Karun Hambir

Topic : Lesson from Yes, You Can Do It!

Session XI- 03.30 to 05.00 pm

• **VALEDICTORY FUNCTION OF "6TH SHIVAJI VIDNYAN PARISHAD 2018.**

PERCEPTION OF THE 6th SHIVAJI VIDNYAN PARISHAD

Teaching science at school level has always been considered as the most difficult and challenging task. Science teachers are widely loved and respected by students as their teaching instils high degree of idealism, passion and verification of all the things taught in the classroom. Many of them do not limit themselves to just imparting knowledge but also shape the values and ideals of students by leaving a deep impact on our society. Every teacher has a unique way of teaching and achieving success in terms of either ability of the students to recite the subject during evaluation or the pleasure of learning and accumulation of knowledge for entire life. While introducing a subject in the classroom, those teachers who adopt different ways other than conventional chalk and board approach, will definitely leave an everlasting impression in the mind of their pupils. Such unconventional method of teaching should be explored and shared with all the teachers to make learning a fun-filled and exceptional experience.

The Shivaji Vidnyan Parishad has been conceptualised with an objective to inspire science teachers in schools from Maharashtra. Through extensive exchange of thoughts and experiences through the dialogues in 3 days, we aim to ignite the spirit of all the teachers who are committed towards building next generation of this nation. It is envisaged that every participant's teacher will play an important role while sharing his/her experiences with his/her contemporaries from the teaching fraternity. With this 3 day interaction, with the unification of genuine brains from the field, it should help us to evolve a better and enriched education system for our region.

WHO SHOULD ATTEND:

- Inventive and imaginative teachers aspiring to win the title of "Best Science Teacher"
- Devoted teachers using innovative ways of teaching and in-depth analysis of students and society.
- Sensible teachers who care for their students and their future.
- Passionate teachers committed to create best citizens for developing India.
- Zealous teachers ready to learn and share unique strategies adopted elsewhere.

- Enthusiastic teachers who are eager to go beyond the scope of routine teaching, learning and evaluation.

MEDIUM OF COMMUNICATION

English, Marathi and Hindi

Benefits:

- Opening to be eligible in the forthcoming events as resource person.
- Opportunity to win the title of 'Best Science Teacher'
- Opportunity to enrich the perspective and awareness on trends that are influencing the teaching methodology.
- Prospects for our students to participate and win prizes in Science Exhibitions.
- Learning experience through the exhibits by eminent resource person.
- Teaching kit for every participant designed by Centre of Excellence in Science and Mathematics Education, ISER, Pune.
- Interaction with stalwarts in the field of education.
- Upgradation of your skills through workshops on current trends in teaching and learning.
- Publication of your knowledge content in ISBN book, will be considered as valid national publication.
- Sharing your teaching methodology through presentation.
- Interaction with all teachers having favour for their teaching.

AN APPEAL FOR NOMINATION:

The head of institution / Head Master / Principal / Director is requested to nominate 2 science teachers from schools fulfilling above eligibility conditions.

The head of institution / Head Master / Principal Director can also participate to inspire.

REGISTRATION PROCESS

Spot Registration for Shivaji Vidnyan Parishad is Open for all Science teachers teaching at High School level. **Registration Fees : Rs: 700/-** (Free includes access to all session of the conference, one teaching kit, Conference material, Lunch, tea etc.)

Workshop
On
Mushroom Cultivation Techniques

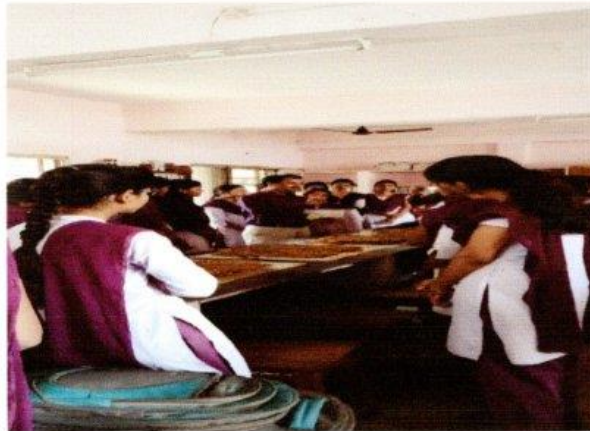

Department of Botany Shri.Shivaji Arts, Commerce and Science College, Akot organized one day workshop on "Mushroom Cultivation Techniques" for students. The workshop conducted on 12th March 2019 at Auditorium. Dr.S.P.Wagh, Academic Incharge, Science faculty inaugurated the workshop and motivated the students. Chief guest Dr.D.V.Hande, Associate Professor, Shri.Shivaji Science College, Amravati, Convener, Dr.Ku.M.M. Dhore, Coordinator, Dr.S.N.Patole, Ku.Ashwini Phokmare were present on the dais. Dr.S.N.Patole gave an introduction of the guest and welcomed him. The main objective of the workshop was to inspire the students for the entrepreneurship in the field of mushroom cultivation and its harvesting and marketing. Students were made aware of various practices for cultivation of mushroom.

The technical session I began at 12.00 pm., Dr. D.V.Hande, Associate Professor, Shri.Shivaji Science College, Amravati has given the first talk on importance of mushroom cultivation, various forms of mushroom and their uses in food. He addressed the students, Mushroom cultivation is a new investment opportunities so that they can start their business in a small scale in rural area.

The technical session II began at 2.00 pm.in Department of Botany, Dr.D.V.Hande has given practical demonstration of mushroom cultivation. The workshop was very informative and inspiring for the students. The mushroom cultivation workshop will be helpful to the students to start small scale production as self employment. As per the feedback received from the student, it was very good learning experiment. The workshop was attended by 225 students and five faculty members. Dr.M.M.Dhore proposed the vote of thanks.
