Students Seminar

Department of English has organized seminars for stimulation about English language among the students. Students were asked questions in the seminar about their problems while learning & mastering English Language, especially, the role of Regional Language in the learning of English. The activity revealed that the interference of Mother Tongue and its Grammatical Structure proves to be a hindrance in the learning of English Language. The Department tried to overcome the difficulties keeping in mind the observations. Students get opportunity to speculate and strengthen the speech power.

Aptitude Test
Report
2018-2019

In collaboration with Amrava University Chemistry Teachers Association (AUCTA) and the department of Chemistry, Shri Shivaji Art's, Commerce and Science College, Akot conducts General Aptitude Test for B.Sc. III year students offering Chemistry as one of the subjects.

This year the test is arranged on 27th Feb 2019. In this Aptitude Test 121 students from B.Sc. III year appeared for examination. After completion of exam the valued answer books and result of 121 students hand over to the coordinator Aptitude Test AUCTA Amrava on 27th Feb 2019.

Outcome of this Aptitude Test

Ku. Shamal Bhawe secured First rank in the university aptitude test.

Group Discussion Report - 2013-14

As per the academic norms and need of university direction for internal marks, a Group Discussion was conducted in the given span of for all B. Sc. II students of Chemistry.

Students prepare script of group discussion and get submitted and checked by in-charge teacher

At the end of group discussion of each student, suggestions are given to him/her for improvement. Students find seminars very much useful and they were very much enthusiastic about it.

use students through email user it gives use better used to work for use student. For user purpose, department were continuously motivating the student to use their email id. As a result of this now most of the students having their own email ID which is necessary for online applications and many other government schemes.

Group discussion:-

Department of Physics organized the group discussion for the BSc final year students keeping in the point of view to express their knowledge in a group. Department allotted the some topics in the syllabus of the BSc final year to the group of the students and told him to express their own view up to the one minute and then you had given the 5 minutes to discuss the topic in a group and finally one of them from you give the final conclusion regarding to the topics. All BSc final year students approximately participated in these activities with the group of the 8 to 10 student in which 2-3 boys and remaining were girls.

Firstly, all the students hesitated to express their knowledge in front of their classmates but few students were breaking this ice and actively express their knowledge with the group. These activities help them to remove shyness and fear in their mind.

Report
Project-Paper Presentation competition
For B.Sc. & III
(Call project on email approximately 70% student participated)

In Sant Gadge Baba Amravati University Amravati new syllabus of BSC included the project in the Physics. Now it was a compulsory to the all the students to do the project on 3rd semester onward. The project was given the idea about the student regarding to the understanding of the Physics. Department of Physics allotted the project to the student in the starting of the semester. The topic was belonging to their syllabus. The format of the project had given to the student like paper presentation which contain abstract, introduction, literature survey, experiment technique etc. So students simultaneously did their study and also write a project on one of the topic of the syllabus in a research paper format. To make more interesting and advance, department introducing the step to collected the project in a soft copy through email of the respected teacher. Department had known the students got difficult to send the email because most of the no email ID and they were not used to how to send the email. Now in a modernization email ID was necessary for online applications, downloading forms and most of the cases it was a mandatory. Department decided to collect the project and created the habit to the students to write and read the email. Department decided all the Student of the BSc must send the project on email ID of the teacher. In this step about 70% of the students send their project on mail. In the modernization and the globalization of the world there was great opportunity in research field. Our students were under-graduate but definitely they will do post-graduation in one of the subject of the science. In science there was a great scope of research. So students must know contain and heading of research paper.

For appreciation of this, department publish a book of articles of the students. Edited book were to be published first step toward a research and how to write research articles in which B.Sc. final year student articles were published.

Our students had made lot of the mistake in project, but it was kindly appreciated because in a under graduation level they were thinking like a research scholar. This work was appreciated by the head of the department Dr. D. S. Thakre sir. Every activity got the success when students were participated actively. Department teachers had taken effort to support and clear the idea regarding to the project of students. This initial step of the students must be very appreciable.

Students Seminar

Department of English has organized seminars for stimulation about English language among the students. Students were asked questions in the seminar about their problems while learning & mastering English Language, especially, the role of Regional Language in the learning of English. The activity revealed that the interference of Mother Tongue and its Grammatical Structure proves to be a hindrance in the learning of English Language. The Department tried to overcome the difficulties keeping in mind the observations.

Department of English Report - 2017-18

Students Seminar

Department of English has organized seminars for stimulation about English language among the students. Students were asked questions in the seminar about their problems while learning & mastering English Language, especially, the role of Regional Language in the learning of English. The activity revealed that the interference of Mother Tongue and its Grammatical Structure proves to be a hindrance in the learning of English Language. The Department tried to overcome the difficulties keeping in mind the observations.
